

W-WEST

Why Waste Everything Smoking Tobacco?

What have W-WEST been up to?

W-WEST attended the Tall Ships event in Greenock held in July and in August the group attended the Glasgow Show weekend. These events were great fun and W-WEST spoke to lots of young people, giving them information about smoking and telling them all about W-WEST.

W-WEST Peer Education

W-WEST group members have received training to enable them to train other peer educators so they can deliver tobacco education sessions to young people. Are you involved in a Peer Education project in your school or local community and interested in delivering tobacco information sessions? Check out the [W-WEST Facebook page](#) for more information on the W-WEST training for peer educators.

Youth Tobacco Showcase

W-WEST will be speaking at the Youth Tobacco Showcase event being held on Thursday 22nd September 2011. There will be lots of interesting presentations on all the youth tobacco work going on across Greater Glasgow & Clyde. To register to attend, click on the link below:

W-WEST meetings

W-WEST meetings take place once a month in Glasgow. This is when we come up with ideas for campaigns and decide what community events to take part in.

Fast Facts

- In the Philippines smokers spend around 20% of their household income on cigarettes.
- More subtle forms of tobacco promotion have become common in recent years. Countless images of celebrities smoking have flooded the teenage market and tobacco companies often sponsor major concerts & music festivals in countries such as Indonesia.
- In 1769, Captain James Cook arrived in New Zealand smoking a pipe and was promptly doused with water in case he was a demon!

Do you want to come along to a meeting and find out more about what we do? W-WEST is looking for new members for the management group, so if you're 12 years or over and want to get involved, email contact@w-west.org.uk and we'll get in touch with more info about when and where the meetings are taking place.
